<sup>1</sup> Plaintiffs' designation states that they recognize the Fourth Circuit's affirmance of this Court's exclusion of evidence of compliance with the 510(k) process and "reserve the right to designate" Dr. Parisian "[i]n the event of a contrary ruling." Pls. Wave 5 General Expert Desig., p. 4. Ethicon understands this to mean that Dr. Parisian is not designated at all if no FDA evidence is admitted, even though this is potentially inconsistent with Dr. Parisian's current disclaimer of reliance on FDA regulations. In addition, Ethicon notes that this "reservation of right to designate" in some instances puts Plaintiffs' number of experts over the allotted five.

<sup>2</sup> Plaintiff in the *Dobard* case also claims injuries from Prolift, but that is not a product for which Dr. Parisian has submitted an expert report.

Dr. Parisian was designated as an expert in the following cases but did not serve a report with respect to the product(s) in issue. On July 20, 2017, the parties entered into a Stipulation whereby Plaintiffs agreed to withdraw Dr. Parisian as a designated expert for these matters. The Stipulation has been filed in each of these individual cases:
